PRIOR APPROVAL HANDBOOK

for ANFP Chapters | 2021

CBDM® Certifying Board for Dietary Managers

The credentialing agency for
Association of Nutrition & Foodservice Professionals

PURPOSE OF THE CBDM PRIOR APPROVAL PROGRAM

The purpose of the CBDM Prior Approval Program is to recognize continuing education (CE) providers that have met the CBDM education standards and guidelines. This Handbook provides information on CBDM standards, requirements, and benefits of the Prior Approval Program. It also provides application information and CBDM procedures for monitoring compliance of approved programs with the standards and requirements.

The CBDM prior approval application process is completely voluntary and is initiated by the chapter program chair/coordinator requesting approval. Prior Approval status does not constitute endorsement of a chapter or its materials by CBDM or ANFP. The chapter is responsible for maintaining the content and quality of any program that has received prior approval to ensure all requirements continue to be met.

The CBDM Prior Approval Program is intended for organizations, including ANFP chapters, interested in providing CE hours to CDM, CFPP credential holders. CBDM encourages chapters to apply in order to be recognized as a CBDM Prior Approval Program if providing quality education that meets CBDM standards of education.

THE MISSION OF THE CBDM

The mission of the Certifying Board for Dietary Managers (CBDM) is to promote excellence and industry best practices through administering and maintaining the Certified Dietary Manager, Certified Food Protection Professional (CDM, CFPP) credential for foodservice professionals. CBDM is the credentialing agency responsible for establishing and upholding policies for and administration of the CBDM Certification Program.

- · Total Number of CE Hours Requested
- Continuing Competence Level (I, II, III)*
- Program Topics**

CBDM will deny approval of programs that fail to meet CBDM requirements and expectations as contained in this Handbook.

*Continuing Competence levels are being used to help CDM, CFPPs identify how specific programs may meet their learning needs.

**Program topics are being used to determine how the program meets CDM, CFPP competencies. These selections will be used as a search tool for learners to find programs based on competence level.

MARKETING GUIDELINES

Once the program is approved, it may be advertised by the chapter using the following statement "This is a CBDM approved CE program that can be used toward CDM, CFPP recertification requirements when submitted in accordance with CBDM policy." Prior Approval numbers should only be used on certificates of completion and not in any advertising.

CALCULATING NUMBER OF CE HOURS

Calculation of CE hours is based on the minutes of attendance/participation time during the structured education portion of the program. One CE hour is equivalent to 60 minutes of attendance/participation. A minimum of 30 minutes of attendance/participation in a given program is required for CE credit. After 30 minutes, CE credit will be accrued in 15 minute increments. Time for lunch, breaks, meals, etc. is not allowable time. For ineligible activities, refer to Appendix B.

MONITORING AND FOLLOW-UP PROCESS

CBDM will monitor Prior Approved programs on an ongoing basis to ensure continued compliance with all requirements. Chapters will be monitored in the following ways:

- CBDM may intermittently request program attendance information to gather feedback from attendees on the program sponsor performance in meeting the requirements for prior approval.
- CBDM may request program materials or copies of certificates of attendance, or may attend activities to audit the effectiveness of a program.
- Prior Approval Program attendees are encouraged to contact CBDM if they feel a program sponsor is not meeting the requirements for prior approval.

COMPLAINTS OR CONCERNS

If CBDM receives a complaint and/or identifies via the monitoring process that a program sponsor may not be in compliance with the requirements set for prior approval, CBDM will contact the program sponsor in writing to request documentation for investigation and request a response to the complaint or concern within 30 days.

ANFP Chapters that do not comply with CBDM's request or the documentation does not support compliance with the requirements for prior approval, will be notified of revocation of prior approval status.

PRIOR APPROVAL APPLICATION

See pages 12-13 for application, complete and submit to CBDM by e-mail to <u>priorapprovals@CBDMonline.org</u> with all required supporting documentation.

REPORTING CE HOURS

CDM, CFPPs who attend a CBDM Prior Approved Program must self-report CE hours online via the My Certification page of their ANFP record as a Prior Approved program, upload the certificate of completion provided by the program coordinator (which includes Prior Approval number, participant's name, date of program, and number of CE awarded), and save their certificate in their personal files.

CE hour requirements for the three-year recertification period include and are not limited to the following:

- · Minimum of 45 CE hours total
- Nine of the CE hours must pertain to Sanitation and Safety. Additional hours will be automatically converted to General CE hours.
- One of the 45 CE hours must pertain to Professional Ethics. Additional hours will be automatically converted to General CE hours.
- A maximum of five CE hours can be earned and reported for Trade/Food shows in a three-year recertification period.
- A maximum of six CE hours can be earned and reported for books in a three-year recertification period.
- A maximum of 26 CE hours can be earned and reported for college coursework in a three-year recertification period.

Effective June 1, 2019, CDM, CFPPs are required to submit all CE hours electronically by 11:59 p.m. CT on May 31 of the third year of their three-year recertification period. When submitting a CE program, all required documentation must also be electronically uploaded via the My Certification page. Physical, e-mailed, or faxed documentation sent to CBDM will not be accepted or returned. If a program is not Prior Approved, several different forms of required documentation are required, and the documentation must be uploaded at the time the CE is submitted.

CE hours can be earned and reported while the individual is actively certified and only during the current three-year recertification period. Once CE hours have been earned for a specific program, the program cannot be resubmitted for credit again, regardless of whether it is a subsequent recertification period. Also, extra CE hours do not carry over from one three-year period to another. Credit can only be earned once for any given program. View the additional information on maintaining your CDM, CFPP credential here.

For CDM, CFPPs who do not have their own computer, there are viable solutions such as mobile devices, tablets, or public computers that may be available at a local library.

To learn more about how to self-report CE activities and upload required documentation via the My Certification page, visit the CBDM website and refer to the CBDM Guide to Maintaining Your CDM, CFPP Credential.

CONTINUING COMPETENCE LEVELS

where education advances performance

The three competence levels provide an understanding of the educational level of each program, as well as each product within the ANFP Marketplace. Competence levels move from basic knowledge to advanced knowledge (see explanations of each competence level below). Each program should have a designated competence level listed within the description.

LEVEL I: REMEMBER/UNDERSTAND - BLOOM'S TAXONOMY CONCEPTS*

Understanding and Remembering of Concepts/Knowledge:

Suggest Level I Courses and basic resources

The desired outcome is to ensure a basic understanding and explanation of concepts of the subject matter and recalling of related facts.

LEVEL II - APPLY/ANALYZE - BLOOM'S TAXONOMY CONCEPTS*

Application and Analysis of Concepts/Knowledge:

Suggest Level II course and basic to advanced resources

The desired outcome is to facilitate application of knowledge into practice by drawing connections among ideas and using information in new situations.

LEVEL III - EVALUATE/CREATE - BLOOM'S TAXONOMY CONCEPTS

Evaluation and Creation of concepts/knowledge Suggest Level III courses and advanced resources

The desired outcome is to evaluate application and create continuous quality improvement into best practice.

*Bloom's Taxonomy is a hierarchical model used to classify learning objectives into levels of complexity and specificity. For more information about the model, refer to: https://cft.vanderbilt.edu/guides-sub-pages/blooms-taxonomy/

FREQUENTLY ASKED QUESTIONS

WHAT HAPPENS IF A SPEAKER CANCELS AFTER WE HAVE BEEN APPROVED FOR CE HOURS?

Reach out to Prior Approvals at <u>priorapprovals@CBDMonline.org</u> to assist with adjusting your agenda to reflect any new CE hour totals or to edit/add a new speaker.

HOW DO WE MONITOR INDIVIDUALS WHO LEAVE EARLY OR DO NOT ATTEND A FULL SESSION?

Program attendees should report CE hours only for programs for which they attended/fully participated. Falsely reporting CE hours toward CDM, CFPP recertification requirements for programs that were not attended/completed would be considered a violation of the CDM, CFPP Code of Ethics and could result in the certification being terminated. It would be beneficial to mention this at the beginning of the session so that all attendees are aware of and abide by the CDM, CFPP Code of Ethics as well as all CBDM recertification policies.

DOES HAVING A ROUNDTABLE/EXPERT PANEL DISCUSSION ON CURRENT TRENDS COUNT FOR CE HOURS?

This type of presentation will count as long as it is a relevant topic and will require a written description of the topic(s), objectives, and bios of all the panel members to receive CE hours for the session.

FOR MULTIPLE DAY EVENTS, DO WE NEED A CERTIFICATE OF ATTENDANCE FOR EACH DAY?

For meetings where attendees can choose to attend one day of a multiple day event, on the CBDM Chapter Prior Approval Application, request a certificate for each day.

FOR MEETINGS ORGANIZED WITH CONCURRENT SESSIONS, HOW DO WE LIST THE CONCURRENT SESSIONS ON THE CERTIFICATE?

Chapters have this as an option to help their members track Continuing Education. A Certificate of Attendance can be created to list the concurrent (breakout) sessions. Attendees can then check those sessions attended. When reviewing for Prior Approval, applications that include concurrent sessions with conflicting CE types, a General CE will be approved. For example: A sanitation CE session and a General CE session are assigned in the same time slot, the application will only be approved for General CE.

SHOULD PRE- OR POST- CONFERENCE EVENTS HAVE A SEPARATE CERTIFICATE OF COMPLETION?

This is an option, especially if Sanitation or Allergen Certificate training is offered. On the CBDM Prior Approval Application, request a separate certificate for this event.

WHAT SHOULD WE LOOK FOR WHEN PLANNING SPEAKER TOPICS THAT WILL BENEFIT OUR MEMBERSHIP MOST?

Chapters that host annual meetings have the opportunity to provide the minimum required 45 CE hours for the three-year recertification period by offering 15 CE hours per year (planning for three Sanitation and Safety CE hours each year, and including one CE hour pertaining to Professional Ethics in the three-year recertification period). This supports members who may not be able to attend other educational offerings in their state.
